PUPPETS

With their imaginative potential and the immediate attraction for play, puppets have always fascinated me. I enjoy exploring different materials, learning new processes and the ways a variety of materials can produce different results and ideas.

This is a self taught skill, fostered by observation, discovering the ways movement and expression are produced.

THE MAKERS ROOM

2018 – present **WORKSHOPS**

Launching The Makers Room in 2018 was a direct response to my time as a theatre designer, my children and the revelation that I wanted to use my creative skills to support children and youth explore materials and create. The workshops vary from costume, sculpture, nature play, puppetry and character creation. The intent for the different workshops is to establish an explorative ground to learn, create and play.

William J Grimm is a New York-born priest active in Tokyo. He is a trained journalist and publisher of UCA News, the news agency for the Catholic Church in Asia. His columns appear regularly in La Croix International and on the UCA News website.

This book is a compilation of Fr Grimm's popular homilies for Sundays and major feasts that have been presented as video by UCA News.

In the book the author tries to integrate contemporary biblical understandings with the challenges and opportunities presented by modern life so that people might see how the Gospel is indeed good news for us today.

ALICE IN WONDERLAND

2013 Wilderness High School **THEATRE DESIGN**

Alice in Wonderland was a complex and wild experience to design. My involvement saw me working from concept through to painting and assisting in the construction. The play had so many surreal settings, that the overall design became very abstract and transformed with lighting and projections. Just like the story, it was an exciting ride to be part of with the students.

A MIDSUMMER DREAMING

2013 Ink Pot Arts Inc **THEATRE DESIGN**

A Midsummer Dreaming was a privilege to work on, with a new landscape and communities. The set design was minimal due to the venue being outdoors in the hills of South Australia, on the Gibberagunyah Amphitheatre. The costumes were a pleasure to design and create, drawing on the Australian landscape for inspiration.

LA PARAPLUIE

2012 Red Handle Production **THEATRE DESIGN**

La Parapluie was a self devised production, with a small team of SA local artists. Challenges with minimal budget led to very creative means of production and design for the show. I enjoyed bringing the set down to basic essentials, in keeping with the rough edge to the show.

BEASTLY SEA WALL MURAL

2018 Sea Wall Apartments, Glenelg **MURAL**

Assisting Dave Court paint the Beastly Sea mural was an amazing experience, pushing my skill and personal comforts high. It is a point of pride to be able to see it, and others enjoy it as a fixture of public art.
